Rules and results: South East score champs

1. Everybody runs a score course in the normal way i.e. score as many points as you can within the time limit. The club with the highest total score wins.
2. The controls have different values depending on their number
 - Control number 10-19: 10 points
 - Control number 20-29: 20 points
 - Control number 30-39: 30 points

3. Each control has been coded as 200 plus its number. i.e. control 31 has number 231 on the SI box.
4. A club's best 12 runners' scores count towards the club total, subject to the following restriction:
5. Only one scorer counts from each age/gender class.
Example - if a club's two best scorers are M21s, the second one does not count in the club's total.
6. "Running up" applies automatically, in relation to both age class and gender. Enter as your real age class and gender.
Example - if the two best scorers are M35s, the 1st counts as M35, the 2nd as M21; if the 3rd best scorer is an M21, he does not count.
Example - if the three best scorers are W35s, the 1st counts as W35, the 2nd as W21 and the 3rd as M35.
7. This is a 60 minute score event, however:
8. W/M16 and younger and W/M60 and older can opt to run for 40 minutes and will have their scores multiplied by 1.5.
9. The choice of 40 or 60 minutes must be made by the individual at registration and cannot be changed later.
10. Runners in other age classes who finish inside 60 minutes will not have their scores adjusted.
11. If you are over the time limit a penalty of 10 points per minute or part of minute will be deducted.

Terrain and map

Mixture of open parkland and wooded areas with a steep slope on the west side.

Map is 1:12,500. The areas marked as dense bracken are seasonal bracken only. At this time of year it is flattened and generally runnable as rough open. There are a number of small fences and hides that are not marked on the map. In some areas fallen branches have been stacked in piles. They are not mapped but can look like rootstocks from a distance.

Only the main paths are mapped but there are also a large number of small paths not mapped.

Please make sure that you close gates behind you! At the north end of the steep slope there is an uncrossable fence that has been overprinted in purple. The one gate in it has been marked as a crossing point

Entry

There is only entry on the day. Please fill in the registration form at registration.

Entry fees:	Seniors £5	+ £2.00 for non-British Orienteering
	Juniors £2	Federation members

Bring your Sport Ident card and BOF no. to registration.

You can hire an SI card for £1.00 seniors, free for juniors.

Prize giving

At 13.30 or sooner if possible.

Safety

Please be aware of other users of the park. Note that in the park the perimeter road and the road up to the pen pond has lots of cars and cyclist that don't all go at the 20m/h speed limit.

Under 16s must not cross the perimeter road and will have a separate map.
