## PARTICIPANT CODE OF CONDUCT

Everyone taking part must follow the BOF Participant Code of Conduct at all times. The Code of Conduct can be found at <https://slow.org.uk/wordpress/wp-content/uploads/files/BO-CodeConduct-Jun2020.pdf>, and key considerations include:

- Acting as an ambassador for the sport of orienteering at all times and considering how their actions may appear in the eyes of landowners or members of the public.
- Observing social distancing at all times, including keeping their distance from other participants, volunteers and members of the public.
- Using hand sanitizer on arrival and departure.

***Anyone who has symptoms of COVID-19, who is living in a household with someone who has a possible or confirmed COVID-19 infection, or who has been asked to isolate by NHS Test and Trace should remain at home.*** People who are classified as clinically extremely vulnerable can now consider taking safe exercise outdoors and meeting up with one person outside their household; however, it is unlikely that they would be able to safely take part in an organised orienteering event or activity.
