SLOW is pleased to present this event on Bramshott Common on Sunday 10th October. Bramshott Common is mostly flat with a few steep slopes around the edges of the area. It is generally runnable with a mixture of lightly wooded sections and open grassy areas interspersed with trees. There are also areas of bracken at this time of year but courses have been planned to avoid the worst!

As part of this event, Southern Navigators (SN) are holding their Club Championships using the same start but with their own separate Handicap course. SN members wishing to enter their Club Championships should contact their club captain. SN members not wishing to enter their Club Championships may enter any other course via SiEntries.

SLOW is also organising the Junior Home International (JHI) Relays on the same area, but starting at 0930. The Spectator Race uses the same controls and will start after the relays have finished.
